

Prices

The LAGO 26 can be ordered as a Keel or Sword version

We make no difference in price and build the LAGO 26 in three different configurations to make your sailing experience even more individual. Most of the features are also available individually.

We developed the sails for the LAGO 26 with North Sails and selected them according to their use, so we can offer the best products and technologies directly from the market leader. For the sails we always put an individual offer.

BASIC EQUIPMENT for the Lago 26 Keel / Sword

Lifting keel (180 kg, Lago 26 keel) /Sword (Lago 26 Sword, centerboard version ballast centerboard with 150 kg); GRP sandwich construction with closed PET foam, all sheets and halyards led below deck, Bartels furling jib system below deck, rudder blade; tiller mahogany/ash; carbon jib; Holt Marine Racing fittings; 1 trapeze; lifting keel crane with winch (Lago 26 keel); jib iron; mast foot; turnbuckle and rigging; Carbon mast, boom and gennaker pole Foot rails, hanging straps; cabin windows; deck covering, Windex Holt Marine Racing

The LAGO26 Foil is built on demand, prices therefore only on request.
